

Transportation Department

The GCC Transportation Department offers:

- [AS Automotive Service Technology](#) [1]
- [CERT Automotive Service Technology](#) [1]
- [CERT Medium/Heavy Truck Diesel Technology](#) [2]

Our programs are designed to provide students with both a comprehensive general education and advanced technical training in working with all automotive systems, and to prepare them to pass industry specific and national certifications in the automotive industry. We are considered the premier instruction center of automotive repair on the island.

The GCC Advantage

The GCC Transportation Department prepares its graduates to pass the National Automotive Technicians Education Foundation (NATEF) Certification Examination in all eight examination areas offered. Once they pass this exam, they can pursue recognition from ASE as a Master Service Technician.

Academic Advising

The Transportation Department is always ready to assist you. Our faculty are willing to sit down with you and discuss your academic plan and career path. Please give us a call or email. We are here to help you have a great experience at GCC.

Career Opportunities...

How Transportation courses can help you in your career

Our courses are designed to take all students through an intensive array of classes that start from the very basic of skills related to industry and ending with the most technical or complex classes. This ensures that a strong foundation is built, so the ever changing world of technology is easily adaptable and absorbed.

[Student Learning Outcomes](#)

All courses offered in our department have clear and sound student learning outcomes (SLOs). Every one of our faculty strive to assist you in achieve the SLOs of the courses that you choose. Please refer to the course catalog for the SLOs in each course.
