I'm really thankful for all of the things I learned at GCC, because the program shows you the way the hotel works, all the nuts and bolts of what we need to know, so when you start working, it's applying everything that I've learned and not just doing it the way the hotel does it, but also, trying to find ways that you can do it better. As a (former) student who is now working in the industry, I see that Guam has a lot of potential, so from what I learned at GCC, I want to bring Guam to that level.

What I like best about GCC is its full support to all the students, starting from the Secondary CTE Programs. I am a proud completer of the Lodging Management Program and I thank GCC for helping me prepare for the hospitality industry even before graduating from high school. Now, I am one of the GCC Foundation Scholarship recipients, expecting to graduate in Spring 2018, and I could not be more grateful!

My experience at GCC was something that I'm grateful for. I was able to enhance my skills and knowledge in visual communications, and have a better understanding and appreciation for the marketing field. To all the faculty and staff at Guam Community College, I'd like to say, 'Thank you!' for all your hard work and dedication to help the people of Guam achieve their dreams and goals.

"I am 50 years old and I've always wanted to go back to school and complete my education. When I had kids, I felt something was lacking. I felt like a hypocrite telling them to study. I went back to school at GCC, and graduated from the Adult High program in May. I am now pursuing my associate degree in Human Services. I'm reaching my goals and setting a great example for my children."
