Bachelor of Science in Career & Technical Education

- **NEWS**
- **Posted Date:** 05/06/2020

The much anticipated **Bachelor of Career & Technical Education (BSCTE)** program is ready to begin in Fall 2020! Those who earned a CTE-related associate degree or technical diploma are welcome to apply for the first cohort. A selection committee will review applicants for acceptance. Due to the disruption caused by COVID-19, evidence of passing Praxis Core is extended to summer 2021 in order to remain in the program, if selected.

Note: While the essay must be composed by you alone, feel free to talk out your ideas with someone, as it may help you to focus your thoughts. A committee will review the writing samples and applications to help determine a candidate's writing skills, appropriate 'fit', and success in the program.
