## **GCC Medical Assistant Student Organization Gives!**

- **NEWS**
- **Posted Date:** 12/09/2021

On Wednesday, December 8th, GCC Medical Assistant Student Organization officers visited the Harvest House and brought donations to a special someone for Christmas. The Harvest House is a faith-based non-profit ministry for foster children and families on Guam that provides spiritual needs, spiritual encouragement and emotional support.

This Christmas, give from your heart to show that you care. Give to make a difference for those who need it most. Give a little in exchange for a big smile on a foster child's face during this season of giving.
