## **Associate of Science in Nursing (ADN) RN Program**

**Total Credit Hours:** 72

### **About Associate of Science in Nursing (ADN) RN Program**

The mission of the Nursing and Allied Health Department is to generate locally educated and licensed nurses to work in the various health care provider agencies on Guam and the Pacific region. The Guam Community College Nursing Program is committed to providing career guidance and education in nursing to those students from Guam and the Pacific region who desire to become Practical Nurses. Upon completion of program requirements, students will earn an Associate's Degree in Nursing (ADN) and will be eligible to apply and take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). Licensure is granted through the Guam Board of Nurse Examiners.

#### [Allied Health](#) [1]

There are over five million medical or allied health care workers in the United States who work in more than 80 different professions. Projections in the U.S. have shown an expected long-term shortage of qualified workers to fill many of the medical or allied health positions. Health care professionals make the healthcare system function by providing a range of diagnostic, technical, therapeutic, direct patient care and support services that are critical to the patients they serve.
