Future Student

Graduating from high school, getting your GED® or HiSET® certificate, or relocating to Guam is no small feat. Enrolling at GCC is a step towards a career you can be proud of. In just two years, you could leave prepped and ready with an associate degree or one year for most certificate degrees. Or, if you're like most GCC students, you'll have your general education courses behind you and ready to finish at a traditional four-year college or university.

If you are currently in high school and looking to get a jump on credits, you may want to dual-enroll in college classes – an option for high school juniors and seniors. Just check out the Steps to Dual Enroll at GCC and you're on your way.

Here is what you need to know to apply:
