## Bank of Guam sponsors Sinajana CAP

A second Community Access Point (CAP) will open up in the Sinajana Mayor's Office at 10:30 A.M. on September 5, giving people in central Guam access to computerized training that can boost their hiring potential.

The CAP is a partnership between Guam Community College, the Guam Contractor's Association, the Guam Chamber of Commerce and the Mayor's Council of Guam, through which residents have access to free online training via the KeyTrain component of WorkKeys, the Job Assessment and Training program offered through GCC. The Bank of Guam donated the 10 computers for the Sinajana CAP.

Once participants complete the KeyTrain program, they can take the \$65 test to earn a National Career Readiness Certificate offered through WorkKeys. The NCRC is proof for employers of specific skills that the potential employee has mastered.

The first Community Access Point opened at the Inarajan Mayor's Office in January of this year and was sponsored by M80 Systems, Inc. Three of the five people in program's initial cohort have already secured better jobs as a result of their participation. The Sinajana CAP is expecting close to 20 participants.

Individuals requiring special accommodations, auxiliary aids, or services please contact 735-5597.
