Job Description

TRC Companies, Inc., a pioneer in groundbreaking scientific and engineering developments since the 1960s, is a national engineering consulting and construction management firm that provides integrated services to the energy, environmental and infrastructure markets. TRC serves a broad range of clients in government and industry, implementing complex projects from initial concept to delivery and operation.

TRC Environmental Corporation is seeking a Part-time, entry-level Emissions Testing Technician in the Air Measurements Division of our Guam office to assist in the completion of air emissions testing projects at various industrial facilities.

The successful candidate will work under the supervision of Project Managers and Field Team Leaders. Job responsibilities will include: sample collection at facility emissions points that may include tall stacks and exposure to environmental elements including heat, cold, humidity, rain, wind, sun, and noise; data analysis and interpretation and coordination of field work and equipment logistics.

Office responsibilities may include inputting data into Excel® spreadsheets, equipment repair, calibration and maintenance. The position requires working in a team setting, completing responsibilities, strong written and oral communication skills, and moderate computer skills.

Requirements

Required Skills:

Previous experience and a two or four year degree are a plus, but are NOT requirements.

The position requires significant field work. May require some weekend work. A valid driver's license and good driving record are required. A current, valid passport is a plus.

Candidates must be able to lift and carry a 50 pound load, climb ladders, and be comfortable working at heights.

TRC offers advancement potential and a competitive compensation and benefits package including a 401(k) plan with company match. For more information please visit www.trcsolutions.com
