If funding is limited, WICHE may seek rankings from cooperating programs, in an effort to offer funding to the most qualified among the applicants with offers.

The total number of positions funded is determined by the amount of funding secured for the program.

New students are given the highest priority for funding. Continuing students are considered after all new students with acceptances have been awarded.

Award Amounts: The WICHE Commission determines the annual support fees for each educational program. Each student is required to sign a contract agreeing to repay the support fees if they do not return to Guam to provide service upon graduation. The support fee is paid directly to your institution. Participants are responsible to pay the difference between WICHE support fee award and full tuition and fees of the institution. If you enroll in a private institution, you will pay the balance of full private tuition minus the support fee.

Consent and Waiver Form

PURPOSE FOR REQUESTING STUDENT SIGNATURE ON CONSENT AND WAIVER FORM:

Public Law 93-380, the Federal Family Educational Rights and Privacy Act of 1974, requires all who hold custody of student records to insure protection of personally identifiable information. Administration of WICHE Loan-for-Service Program requires the exchange of educational information about student applicants in order to provide for consideration of enrollment and transfer of funds by the state in the case of admission by the school. In order to facilitate exchange of necessary documents, the student applicant is asked to sign a "Consent and Waiver" statement.

Student's willingness to sign a consent statement is not a requirement of participation in the program.

DESCRIPTION OF USE OF PERSONAL RECORDS:

The program collects and uses information concerning student eligibility of the program; admission; enrollment; academic progress; graduation and/or termination from the professional program; and payment of fees by the state through WICHE to the receiving school.

This information is exchanged between and among the certifying office of the student's home state/territory; the Western Interstate Commission for Higher Education; and the professional school(s) to which the student makes application and is admitted. The WICHE Commissioners of the sponsoring state may also review applications to consider eligibility of student(s).

Periodic accounting for the WICHE Loan-for-Service Program in the state/territory and in the region may result in publication of reports which may contain the student's name, home address, year of enrollment, enrolling institution, and money spent by the state to support the student's effort to reach and educational objective.

NOTIFICATION CONCERNING STUDENT ACCESS TO PERSONAL RECORDS:

Any student participant or applicant for participation in the WICHE Loan-for-Service Program has access to his/her personal records maintained as a part of the exchange activity. He/she may inspect and/or receive copies at a cost not to exceed the actual cost of reproduction.
