

# Student Organizations

Participating in a student organization at the Guam Community College provides an excellent opportunity for students to develop personally and professionally. Student organizations work in conjunction with the Council On Postsecondary Student Affairs (COPSA), in planning and implementing activities, events, and campus-wide programs to address the needs and interests of GCC students.

Through active involvement in their campus community, students expand their circle of influence; gain an understanding of diversity; are instilled with a sense of ownership over their educational experience; and create a greater commitment to making GCC and their community a better place.

*Learning Today, Leading Tomorrow!*

## CENTER FOR STUDENT INVOLVEMENT (CSI)

## Student Orientation

An Orientation program has been created to assist prospective, new, and current students who have not attended a GCC orientation at the Guam Community College in order to learn about the many resources and opportunities that are available to help them succeed and achieve their academic and career goals.

## Student Governance

The Council On Postsecondary Student Affairs (COPSA) is the recognized representative body for student governance for all officially registered Postsecondary and Adult High School students. COPSA serves as a voice for which student concerns are addressed to the GCC administration; plans student activities; approves student organization budgets; and ensures that the College fully considers the needs and interests of students in its decisions and offerings.

## Student Leadership

The Center for Student Involvement assists students in realizing their leadership potential through training and development opportunities tailored to fit the needs of students. Through leadership development, students are empowered and equipped with the additional skills they can utilize inside and beyond the classroom.

## Service-Learning

A key characteristic of Service-Learning curriculum is its support of general education requirements, providing students with opportunities to develop and practice personal skills such as critical thinking, researching, decision-making, planning, and organizing.
