Venue:	Guam Community College (GCC) Campus
Date & Time:	January 24, 2020 (Friday), 8AM – 5PM
Keynote Speaker:	John Cruickshank , <i>Senior Federal Official</i> National Science Foundation
Keynote Address:	LGBTQ + STEM in Micronesia
Registration Fee:	Counter Registration @ GCC, \$21.00 Online Registration via Eventbrite: \$23.91

Symposium Objectives

1. To convene and mobilize a multi-sectoral cluster of underrepresented groups on Guam and in the region to identify and discuss quality of life issues of LGBTQ, veterans, ethnic migrants, and women;
2. To explore federal, regional and other funding opportunities that can foster collaborative partnerships between and amongst these groups towards active engagement and empowerment in societal change; and
3. To initiate a call to action for greater recognition of underserved communities in our midst that would bring about a wider awareness of pipelines and pathways that would benefit these groups.

Who Should Attend

Leaders and members of non-profit groups, as well as governmental entities

Faculty, administrators and students

Legislators, and heads of government agencies involved in social services

Advocates and other interested individuals from the community
